Education

University of Oregon

Bachelors of Fine Arts in Art and Technology
September 2019 - June 2022, Eugene, Oregon

An integrated approach that synthesizes the values of fine arts with new methods and practices offered by technological innovation with broad interdisciplinary engagement. Using traditions of visual research within the arts is at the core of the educational experience offered. It is a remarkable standpoint from which to explore and engage the ever-changing and multifaceted territory of media culture.

Pennsbury High School

High School Diploma
September 2013 - June 2017, Levittown, Pennsylvania

Digital Art Experience

Duck Rides / Education and Outreach Coordinator
September 2021 - present, Eugene, Oregon

Generating creative ideas to promote the Duck Rides program through social media including organizing and shooting original photos and videos of vehicles and staff; developing digital assets to be used in future posts.

ISTock / Stock Photographer
September 2017 - present, Pacific Northwest

Stock Photographer for IStock. Capturing landscapes, nature, and everyday experiences and uploading them for clients' use.

Relevant Experience

United States Forest Service / Wildland Firefighter IC-5/ CRWB/ FFT1
Summers: May - September, 2018 - present, Enterprise, Oregon

Working for the Forest Service to suppress and manage wildland fires on the Mt Hood National Forest as well as public and private lands throughout the country. Excelled in an environment where teamwork is critical with accountability and respect as essential pieces for the mission's success. Advanced each summer and now hold a leadership role in a stressful work environment which requires managing evolving incidents some days as well as ensuring the success of routine day-to-day operations through constant and clear communication throughout the chain of command.
